| Understanding the uses and problems associated with spatial data... | 3 |
| Mapping of census data for demographic research... | 3 |
| Health research applications of GIS... | 3 |
| General Understanding of spatial demography... | 3 |

Part II.
How do you anticipate using what you have learned in...

Deleting your future education / studies?

Part III.
What might be done to improve this workshop? (Describe things that you think should be added, deleted or changed.)

Content?

Facilities?

Exercises?

Guest Presenters?

Level of Instruction?

Workshop Organisation?

Housing Arrangements?

Part IV.
Please rate the following statements based on your experience:

file://H:/exit-survey.php.html

9/34/2003
"My background prepared me to benefit from material covered in this workshop."

- 5 - Strongly Agree
- 4
- 3
- 2
- 1 - Strongly Disagree

"Workshop participants reflected fairly the disciplinary mix of the social sciences."

- 3 - Strongly Agree
- 4
- 3
- 2
- 1 - Strongly Disagree

"Overall, how did the quality of the workshop and teaching activism?"

- 5 - Excellent
- 4
- 3
- 2
- 1 - Poor

"CSISS should participate as a sponsor of this course again."

- 5 - Strongly Agree
- 4
- 3
- 2
- 1 - Strongly Disagree

Part V.

Please suggest titles of future workshops that you would like to see CSISS sponsor:
